|  | <input type="checkbox"/> Notify us of Indoor Fire Sprinklers and Heat Sensors           |

## PRIOR TO OUR ARRIVAL (after the checklist above is complete)

- **TURN YOUR HEAT ON HIGHEST SETTING PRIOR TO TREATMENT**
- High volume fans may be used, please organize all loose paper
- Vacuum prior to our arrival
- Place lotions/soaps bottles in sink or bathtub
- Leave all personal items behind. This includes: purses (remove wallet), backpacks, computer bags, diaper bags, strollers, wheel-chairs/ walkers (get a rental for the day). Use a plastic shopping bag to take items you absolutely need for the day.
- Clutter needs to be addressed. Do not leave piles of clothes on the floor- they should be laundered & dried on high heat and put away.
- To ensure you are not leaving with bedbugs wear freshly laundered clothes before you leave.

## RETURNING HOME

- **TREATMENT AREAS WILL REMAIN HOT** (door knobs, toilet seats, appliances, etc.) for several hours after treatment.
- During treatment many items within the structure will be moved. We do this to eliminate cool zones. We do the best we can, but items may not be located in the same location as before treatment.
- Upon returning into the area you may notice increased dust due to high volume air movement.
- We cannot know the melting point of every item. You are responsible for removing items which you are concerned about.
- Because of the high temperature, no one can enter or remain in the area during treatment. Doing so will void any warranty.

## CLIENT ACKNOWLEDGES AND AGREES TO THE FOLLOWING

\_\_\_\_\_ Company representatives have permission to go through areas such as closets, furniture, contents, etc., during treatment to avoid allowing cool spots to form and ensuring heat is distributed evenly.

\_\_\_\_\_ Company representatives may request clients to carry out recommendations to include, but not limited to, removing clutter, making areas accessible for treatment, discarding items, etc.

\_\_\_\_\_ People and pets are not to be present during treatment and must remain out of the structure 1-2 hours following the completion of service.

\_\_\_\_\_ Client is required to be prepared for service. If G&HBB is not able to perform service on the scheduled service day due to insufficient preparation by the client, client will be charged a \$500 inconvenience fee, and service will be rescheduled. Please notify us within 48 hours of service if you will not be able to comply with the preparation checklist as outlined in this agreement.

By signing below, I agree to performed applicable preparation items, thereby releasing G&HBB, from any unjust liability. Any damage to possessions must be brought to the attention of G&HBB, as soon as damage is noticed.
